Professional Summary

Entry-level Full Stack Python Developer with hands-on experience building scalable web applications using Python, Django, REST APIs and relational databases. Experienced in developing authentication systems, RESTful API endpoints, and responsive front-end interfaces using HTML, CSS, Bootstrap, and JavaScript. Strong understanding of Django MVT architecture, ORM, and secure CRUD operations.

Technical Skills

Programming Languages: Python, JavaScript, SQL

Backend: Django, REST API Development, Authentication & Authorization, Django ORM

Frontend: HTML5, CSS3, Bootstrap, AJAX

Database: MySQL, PostgreSQL, MongoDB (Basic)

Tools & Platforms: Git, GitHub, Figma, Render, vs code

Internship Experience

Software Developer Intern – Seeree Services Private Limited

Apr 2025 – Oct 2025 | Bhubaneswar, Odisha

- Developed backend modules using Python and Django for an Electronic Health Management System.
 - Designed RESTful APIs to manage patient records, appointments, and user data.
 - Implemented role-based authentication for Admin, Doctor, and Patient users.
 - Created secure CRUD operations with server-side validation and database integration.
 - Collaborated with developers to debug issues, test application features, and improve performance.
-

Projects

Online Job Portal

Tech Stack: Python, Django, PostgreSQL, HTML, CSS, Bootstrap

- Expanded a full-stack job portal enabling employers to post jobs and candidates to apply online.
- Executed user authentication, job search, and profile management features with Django backend and responsive frontend.
- Deployed the application on Render and managed source code using GitHub.
- Live Demo: <https://online-job-portal-5sgc.onrender.com>

Loan Seeker Consultant System

Tech Stack: Python, Django, PostgreSQL, HTML, CSS, Bootstrap

- Enhanced a full-stack web application that allows users to apply for different loan services online.
 - Applied authentication system and role-based access for applicants and administrators.
 - Built an admin dashboard to manage loan requests, track approval status, and update records using Django ORM.
-

Education

Bachelor of Technology (B. Tech) – Computer Science & Engineering

[Einstein Academy of Technology and Management, Khordha, 2021-25] [CGPA: 8.4]

Soft Skill

- Quick learner
- Good problem-solving skills
- Ability to work in a team
- Strong interest in programming
